International Education Programs at Kobe University 2019/2020

At Kobe University we are aiming for a truly international campus environment by making our academic programs more accessible to people from around the world. The degree programs listed below are all taught in English, enabling students to acquire a masters or PhD full degree qualification in Japan without advanced Japanese language abilities. We also offer English-taught summer schools and other short-term programs. For more details about the short courses, please see the following link: <http://www.bit.ly/kobeshort>

Social Sciences

Global Master's Program in Law

Relevant faculty/ graduate school	Level	Degree-awarded/ non-degree
Law	Master's program	Full-degree program
Duration		
1 to 2 years / Academic terms: April - August, October - February		
Description		
<p>The aim of this course is to help students acquire expert knowledge as well as practical English competence, equipping students for roles in an international business and legal environment.</p> <p>All GMAPs visiting lecturers are carefully selected from among top academics and practitioners across the world and the students are able to take full opportunity of an excellent education. Furthermore, GMAP provides overseas internship opportunities nurturing the students to stand in the international arena with their specialties.</p>		

Social Sciences

Global Master's Program in Management: Strategic Entrepreneurship and Sustainability Alliance Management Initiatives [SESAMI Program]

Relevant faculty/ graduate school	Level	Degree-awarded/ non-degree
Business Administration	Master's program / PhD program	Full-degree program
Duration		
2 years for Master's, 3 years for PhD		
Description		
<p>The SESAMI Program is academically oriented, and it will advance the frontiers of knowledge and practice in the fields of strategic entrepreneurship and sustainability alliance management founded on a thorough understanding of a wide range of management disciplines.</p>		

Social Sciences

Global Master's Program in Economics

Relevant faculty/ graduate school	Level	Degree-awarded/ non-degree
Economics	Master's program	Full-degree program
Duration		
2 years		
Description		
<p>The Global Master Program (GMAP) in Economics is a unique interdisciplinary program with a particular emphasis on economics, law and business administration. The program is designed mainly to provide a new approach to studying international business for both Japanese and foreign students. All courses are taught in English, and some courses are taught collaboratively by our faculty and prominent foreign professors. After completion of this program, interested students can transfer to the doctoral program in our graduate school.</p>		

Social Sciences

International Master Programs in Economics

Relevant faculty/ graduate school	Level	Degree-awarded/ non-degree
Economics	Master's Program	Full-degree program
Duration		
2 years		
Description		
<p>In this program, all lectures and seminars are conducted in English, enabling students to obtain master degrees in economics without taking any classes taught in Japanese. There is also a selection of economics-related courses available to students which are taught by the teaching staff of other schools (e.g. the Graduate School of International Cooperation Studies). Students in this program will deepen their knowledge and experience in an international and interdisciplinary environment.</p>		

Social Sciences

Special Course for Development Policy

Relevant faculty/ graduate school	Level	Degree-awarded/ non-degree
International Cooperation Studies	Master's program / Doctoral program	Full-degree program
Duration		
2 years for Master's, 3 years for PhD		
Description		
<p>The Program in English seeks to meet the needs of both the international community and Japan. It takes an interdisciplinary approach, emphasizing not only the study of basic areas such as economic development, political development, international law and international relations, but also the ways these disciplines intersect and relate to one another. It is hoped that graduates of the program will become experts in their fields, and will contribute toward the development of their countries and international society.</p> <p>For more details: http://www.gsics.kobe-u.ac.jp/en/prospective_e.html</p>		

Science and Technology

Global Master's Program in Engineering

Relevant faculty/ graduate school	Level	Degree-awarded/ non-degree
Engineering	Master's program	Full-degree program
Duration		
2 years		
Description		
Classes, examinations and academic supervision are provided in English for each field including Architecture, Civil Engineering, Electric and Electronic Engineering, Mechanical Engineering, and Chemical Science and Engineering, enabling students to earn an English-taught Master's Degree in all departments.		

Science and Technology

Kobe Global Graduate Program for Agricultural Science

Relevant faculty/ graduate school	Level	Degree-awarded/ non-degree
Agricultural Science	Master's program / Doctoral program	Full-degree program
Duration		
2 years for Master's, 3 years for PhD (start in October 2019)		
Description		
All lectures and research guidance are given in English, students need not study Japanese language to obtain the master's degree and doctor's degree. In the program, students can acquire advanced knowledge, skills and research abilities in their respective fields but also grow international viewpoints and deep insights into the agricultural science in English.		

Medicine and Health Sciences

International Program for Medical Research

Relevant faculty/ graduate school	Level	Degree-awarded/ non-degree
Medicine	Doctoral program	Full-degree program
Duration		
4 years		
Description		
This course aims to foster talented persons who take leadership positions in medical research. The system enables students to join the course for studying both clinical and basic research. Students can also take cross-disciplinary lab rotation and core lectures offered in English. Students select two areas of specialization, one from basic areas and another from clinical areas, both of which are relevant to disease. The curriculum enables systematic study of a broad spectrum of specialized knowledge ranging from investigation of basic clinical conditions to development of clinical strategies. We continue to contact alumni who return to their countries, trying to strengthen a network for human resource development.		

Medicine and Health Sciences

ICHS Course [International Course Health Sciences]

Relevant faculty/ graduate school	Level	Degree-awarded/ non-degree
Health Sciences	Master's program / Doctoral program	Full-degree program
Duration		
2 years for Master's, 3 years for Doctorate / Academic terms: April - February, October - August		
Description		
This program aims to enable students to acquire the communication skills and cross-cultural understanding required to develop healthcare activities. Through the creation and practice of comprehensive health sciences suited to overseas socio-economic situations and lifestyles, we aim to train advanced practical specialists in the health sciences capable of making contributions primarily at international institutions.		

for Undergraduates

Courses offered in English for 2019/2020

About the quarter system: From 2016 Kobe University adopted the quarter system.

The academic year is divided into 4 terms, known as "quarters". Some programs continue to follow the semester system, and procedures for registration, tuition fees and credits also continue to operate according to the semester system.

Kobe University Syllabus: A comprehensive database of the courses offered at Kobe University (including classes held in Japanese) can be found at the following link: <https://kym-syllabus.ofc.kobe-u.ac.jp/campus>
